Subject: RE: Mining Remediation Authority.

Dear Mr Willcox.

Thank you for your email and informing the Council of the work planned by the coal authority. Do you have a contact for them, so I can get details of the work being proposed.

If you could also confirm the dates when this work will be occurring so we can handle any reports accordingly.

Just to note, if the identify of a complainant can be compromised by sharing the details of any complaints made, the Council reserves the right to withhold this information from disclosure.

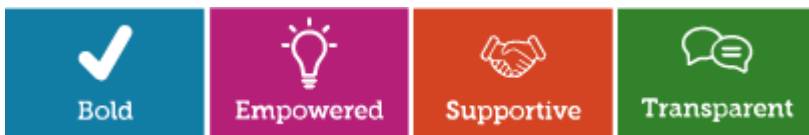

Regards,

Sam Grant MPlan MRTPI

Dear Mr Grant

Mine collapse in Fry's Bottom Wood.

Over the coming months there will be several hundred tons of mining fill material being delivered into Fry's Bottom Wood.

This is to secure the safety for myself and other from the mine collapse.

The Coal Authority have a legal requirement to make safe these features.

Any reports of this activity by any unauthorised person entering the "Land" should be reported to me directly without fail.

Regards

Steve Willcox
