Hi Sam, hope you're well, attached FYI, the skip photos were taken this morning and the pallet truck photo was taken yesterday.

Also, a neighbour who lives opposite the Hunters Rest Pub expressed his concern at seeing on 19/20 October a red artic lorry driving past his house loaded with logs. This road is in the opposite direction from the woods entrance. This neighbour is not aware I am communicating with you.

Best wishes

Good morning Sam, hope you're well. FYI and photos attached. Yesterday 21 Oct 24 a large lorry/trailer delivered to front yard what appears to be Off-Road Buggys. They were off-loaded by lorry crane and driven to back of the yard.

Best wishes

Good morning Sam, hope you're well. I have attached FYI x5 more photos of the skip business at the site, since my last email to you 07/10/24.

x4 skip photos taken: Sunday 13 October at 07.41am  
x1 skip photo taken: Saturday 12 October at 07.51am

Skip business continues:

- Numerous deliveries from 07/10/24 from small blue skip lorry - full/empty green skips to back yard
- 12/10/24 - large red skip lorry with large green skip drove to back yard
- Skip lorries exited site from main entrance and drove in direction of other entrance

Firewood business continues:

08/10/24 - double trailer firewood

09/10/24 - firewood production and chain sawing back of yard

Dumping continues:

08/10/24 - some builders dumped rubbish in small green skip in front yard by shipping containers/stacked logs

09/20/24 - old Astro turf dumped by shipping containers/stacked logs in front yard - have photo

Cars continue to be stored/moved/added

Scaffolding business continues

Builders - front yard - shipping containers continues

Pile of stacked logs still stored by shipping container front yard

Best wishes

**Subject:** FYI Site Old Colliery

Hi Sam, it's Claire, Poachers Pocket, hope you're well. Apologies, a lot of updates FYI since my last email to you 25/09/24. I am sending you several photos separately of oil tanker/skip lorry/red artic lorry with enormous trailer of logs.

Firewood business continues since 3/10/24:

- 03/10/24 - blue tractor/large trailer - delivered logs to back of yard - from public road saw stored back of yard

- 05/10/24 - large red artic lorry/trailer - delivered vast amount logs to back of yard - from public road saw stored back of yard - not in forestry building - same artic lorry I sent you email/photos of 27/09/23

- came in from other direction of lane as before

- 5/10/24 removed one of two gates at main entrance to allow artic lorry access to the site, this gate still remains off - I think there will be more artic lorry deliveries of logs - usually these main gates are padlocked every night.

- Chain sawing - by forestry building continues:
  - Daily - including Sundays - throughout the day - have recordings
- Firewood production at/by forestry building continues:
  - Daily - including Sundays - throughout the day - hear machinery from my garden
- Observe - trucks/trailers of firewood:
  - Daily - including Sundays - regularly driving off site to deliver to customers - can be numerous deliveries in a day
- Felled trees still stacked front yard by shipping container

Skip business continues:

- Small blue skip lorry - regularly including Sundays - driven to back of yard
- Can be several times a day - large/small green skips - sometimes no skips just lorry
- Exits from main entrance and drives in direction of woods other entrance

Dumping continues - other entrance to woods:

- Orange tractor/large blue trailer - soil/rubble
  - Observed from 21/09/24 to 01/10/24 - numerous loads
  - Drove past my house - full - in direction of other entrance - approx 15mins later drove past my house empty
- Observed 30/9/24 driving into woods other entrance - along the road.

Back of yard:

I think something might have been built/converted somewhere in the back yard:

- Lots of activity back of yard, as I mentioned in my last email, which started 16 September
  - Deliveries of building materials back of yard/Heard power tools being used
  - Not visible from public road
  - Not the forestry building - visible and unfinished from public road
  - Digger used regularly back yard - since week of 16 September 24
- including metal being dragged/moved
- Small blue skip lorry regularly driving to back of yard with large/small green skips
- 5/10/24 - large yellow dumpster - exited site - past my house

Vehicles:

- Numerous vehicles on a daily basis - including Sundays - constantly driving in/out main entrance.
  - From about 06.30 to evening - often open main gates themselves
  - Cars/Vans/Trucks/Trailers/Tractors/Skip lorry

Cars - continue to be stored/moved/added.

Scaffolding business - continues at the site.

Builders - continue using shipping containers front yard

- 26/09/24 - heard/saw the same builders working and build/add another structure to side of their shipping containers

Best wishes
