Subject: Re: 23/00023/UNDEV - Frys Bottom

Hi Sam

The skips in the northern area are there temporarily.

As I had said to Neil in my meeting on Tuesday. I am working on the Fettered B8 use of the former Fry's Bottom Colliery site.

This has been used for 29 years with various activities going on. (Un Authorised)

Most of which has been storage and distribution with numerous friend using the site for their start up businesses.

I am working on the CUL and will be submitting it as soon as can be arranged with Edward of AGM planning consultants.

Regards

Steve

Dear Steve,

I hope you are well.

Further to your discussion with Neil on Tuesday, I did have a follow up question regarding the use of the land.

We have had reports that around 30 green skips are being stored on the northern side of the site and have been seen entering and leaving the site on skip lorries. My questions are:

1. Could you please explain why these are being stored on the land?
2. Who is storing them on the land?
3. Is any waste being brought to site in these skips and is the waste being sorted?

If you have any questions regarding the above, please let me know.

Regards,

Sam Grant MPlan MRTPI
